October 17, 2024

Dear Sperry Parents and Guardians:

I am writing to inform you of an incident that occurred at school today. Our administration was informed that a student indicated he intended to bring a gun to school and shoot other students tomorrow.

This was and is currently being investigated. It has not been confirmed to be a viable threat, but we have involved local law enforcement officers to conduct a thorough threat assessment.

As of this evening, school **will be** in session tomorrow; however, if we determine the threat to be credible we will enact plans to keep students safe, which could include canceling classes as a precautionary measure. If it is necessary to take such precautionary actions, I will be in touch again.

As always, if anyone has information about a threat to Sperry Schools, please share it with your site principal and the Sperry Police Department.

In closing, I want to emphasize that we do not have verification of a real threat to our schools at this time. I also want to commend our students for their willingness to report concerns to our administration.

Respectfully,

A handwritten signature in black ink that reads "Brian Beagles". The signature is written in a cursive style with a large initial "B".

Brian Beagles, Ed.D.
Superintendent of Schools
