

The board supports parents' efforts to be involved in the district's education programs. This policy outlines the district's efforts to educate parents and support parent involvement in response to the 2014 Parents' Bill of Rights.

Parents have the right be involved in their minor child's education, including directing that education. Parents are encouraged to exercise their rights in conjunction with district guidance so as not to inadvertently impede their minor child's compliance with federal and state mandated requirements – including requirements related to graduation. Parents also have the right to review school records related to their minor child.

Pursuant to the 2023 Oklahoma "Parents' Bill of Rights" (OAC 210: 10-2-3) no district employee and no Independent Contractor shall encourage, coerce, or attempt to encourage or coerce a minor child to withhold information from the child's parent or guardian. The district shall disclose to the child's parent or guardian any information known to the district or its employees or an Independent Contractor regarding material changes reasonably expected to be important to a parent or guardian regarding their child's health, social or psychological development, including identity information. Such disclosures shall occur within 30 days of learning the information and may include referrals for appropriate counseling services. Any parent or guardian alleging a violation by the district of OAC 210: 10-2-3 shall provide a written complaint to the State Department of Education. Any violation by an Independent Contractor that the district knew or should have known about shall be attributed to the district responsible for the contract.

"Independent Contractor" means an individual, organization, or entity that is engaged by and/or contracted by the district to provide services or instruction, whether directly or indirectly, to students or within the district on a temporary contractual basis and is not an employee of the district.

Parents generally have the right to consent prior to an audio or video recording being made of their minor child. This right does not preempt the district's right to make recordings (without specific parental approval) related to:

- safety, general order and discipline
- academic or extracurricular activities
- classroom instruction
- security/surveillance of the buildings or grounds
- photo ID cards

Parents have the right to receive prompt notice if their minor child is believed to be the victim of a crime perpetrated by someone other than the parent, unless law enforcement or DHS officials have determined that parental notification would impede the related investigation. These notice provisions do not apply to matters which involve routine misconduct typically addressed through student discipline procedures. School personnel will not attempt to encourage or coerce a child to withhold information from parents.

1. The district will promote parent participation at the site level with the goal of improving parent and teacher cooperation in areas such as homework, attendance and discipline. This will be accomplished through activities such as:

- Parent teacher conferences
- Back to school / meet the teacher nights
- District sponsored webpages with class information available to parents ▪
School newsletters

2. The district will inform parents about their children's course of study by disseminating this information:

- During annual enrollment
- In student handbooks
- On the district's webpage
- During conferences with the student's school counselor

Parents may review learning materials affecting their minor children's course of study, including supplemental materials, by making a request through the building principal.

3. Parents who object to a learning material or activity may withdraw their minor child from the class or program in which the material is used. In order to withdraw a student, the parent must submit a written request, signed and dated by a parent, to the building principal. Parents who choose to withdraw their minor child from a required class are responsible for making alternate arrangements for the child to earn credit for the class.

4. The district offers sex education in sixth, seventh and 10th grades. Parents who object to their minor child participating in the district's sex education program must submit a written notice, signed and dated by a parent, to the principal in order for their child to be excused from participation. Pursuant to the 2023 Oklahoma "Parents' Bill of Rights" (OAC 210: 10-2-1, et seq.) sex or sexuality education means any class, program, curriculum, instruction, test, survey, questionnaire, course, or other instructional material that relates to sexual behavior, sexual attitudes, or sexuality, including but not limited to gender identity or sexual orientation. A written objection from a parent/guardian may object to sex or sexuality education or any other instruction questioning beliefs or practices in sex, morality, or religion. Students who are not participating in the district's sex education program will be permitted to study in the school library or office during sex education instruction.

5. If a teacher is going to provide instruction or presentations regarding sexuality in a course apart from formal sex education, the teacher will send written notice home to parents in advance of the presentation. Parents who object to their minor child's participation in such instruction may send a written request to the building principal to have the student excused from the presentation. Any such student will be permitted to study in the school library or office during the presentation.

6. Parents may learn about the nature and purpose of clubs and activities which are part of the school curriculum by reviewing student handbooks and the district's website. The district's extracurricular clubs and activities are also published in student handbooks, the district's policy manual, and are available on the district's website.

7. Parents have numerous rights and decision making responsibilities concerning their minor children. To assist parents in meeting these responsibilities and to fulfill its obligations under the 2014 Parent Bill of Rights, the district has compiled the following information for parents:

Either the up-to-date immunization record or a completed and signed stateapproved exemption form must be on file with the district **prior** to the student's admission to the district. The exemption form shall specify that the student has received or is in the process of receiving the immunizations currently required by Oklahoma State Department of Health regulations, unless the exemption has been granted from the immunizations on medical, religious, or personal grounds or as otherwise required by law.

The immunization requirements shall be posted at the district's website and in any notice or publication provided to parents/guardians regarding immunizations. The state-approved exemption form is available at the Oklahoma State Department of Health website, URL:
